Receiver Loeser Makes Demand on Proprietor of Hoffman House, New York.

WILL PAY CHARGES FOR BOARD.

It is Thought That Valuables Are Being Held There For the Noted Woman.

The Wade Park Bank, of Which Irl Reynolds is Secretary-Treasurer, Taken Over By the Cleveland Trust Co.

New York, Dec. 22.—Nathan Loeser, receiver in Cleveland of the affairs of Mrs. Cassie L. Chadwick, made a demand Wednesday through his legal representative in this city on J. P. Caddagan, the proprietor of the Hoffman house, for all the jewelry and other valuables alleged to be in his possession, being held for the owner, Mrs. Chadwick. Under date of December 19 Mr. Loeser wrote to him as follows:

"I wired you this morning as follows: 'I hereby demand of you all the property of Cassie L. Chadwick now in your possession or under your control and I hereby notify you not to deliver same to any other person.' 'Information has reached me that certain property, consisting partially of valuables and jewelry belonging to Mrs. Cassie L. Chadwick, is now at the Hoffman house and under your control, and I shall hold you responsible for a faithful accounting for same. If you will advise me as to the charges which you have thereon, I shall arrange to pay the same that the property may be delivered to me in Cleveland.'"

Received No Satisfaction.

Charles L. Green Hall, of this city, said Wednesday night that as the representative of Louis Grossmann, a Cleveland lawyer, he had called at the Hoffman house and seen Mr. Caddagan. He said that he had made demand for the property, but that he did not receive any satisfaction nor did he learn whether there was any property of Mrs. Chadwick in the hotel. He declared that the proprietor said that he would communicate with him later through his lawyer.

Cleveland, O., Dec. 22.—The Wade Park bank, of which Irl Reynolds is secretary and treasurer, together with two branches, was taken over Wednesday by the Cleveland Trust Co., which will conduct the business of the three institutions. The Cleveland Trust Co. has within the last few days taken over the business of five banks located in this city and its suburbs.

HICKORY WOOD.

There is An Increasing Scarcity in That Class of Timber.

Chicago, Dec. 22.—Increasing scarcity of hickory wood in the United States has alarmed the manufacturers of wooden vehicles to such an extent that a meeting here Wednesday of over 200 representatives of these manufacturers the advisability of taking the matter before congress was discussed. Hickory trees recently have been attacked by an insect, which, it is said, is fast destroying that class of timber. At Wednesday's meeting it was declared that unless the government took action in devising means whereby these insects could be kept from breeding, in ten years practically all hickory trees in the United States will have been destroyed.

ILLEGAL TRANSFERS.

The New York City Railway Co. Loses Fully \$1,000 a Day.

New York, Dec. 22.—The New York City Railway Co. loses fully \$1,000 a day through an illegal system of transfers, according to a statement made Wednesday by the company's chief inspector in a police court. The inspector appeared as the complainant against four men who had been arrested, charged with using transfers which they had solicited from persons in the street. The men pleaded ignorance of the transfer law, but were each held in \$100 bail for trial.

BATTLESHIP TEXAS DAMAGED.

She Was Struck By the Floating Derrick Hercules.

New York, Dec. 22.—Breaking five great cables as if they had been threads, the 100-ton floating derrick Hercules, moored to the side of the new battleship Connecticut, broke adrift in the navy yard basin in Wallabout bay Wednesday and crashed into the stern of the battleship Texas, smashing several plates and so injuring the war vessel that she will have to go into the drydock.

In the basin when a fierce squall swept over it were the Texas, Illinois, Kentucky, Tacoma and Minneapolis. The Hercules was securely tied to the Connecticut and was landing great armor plates on the decks. The strain caused by the heavy wind caused the cables to break and the derrick started up the bay towards the warships.

Two tugs, the Narkeet and Pentucket, were hastily dispatched to catch the fleeing derrick, which was making directly for the Tacoma and Minneapolis, moored close together. The Pentucket caught the Hercules when almost upon the warships and made fast to her. Before the derrick could be controlled it swung around and struck the Texas squarely in the stern post.

TRIPLE TRAGEDY.

Fred Jones Killed a Constable and a Woman and Attempted Suicide.

Lockport, N. Y., Dec. 22.—Fred Jones, of Charlottesville, Wednesday afternoon shot and killed Constable William C. Gray and Mrs. Abbie Goodrich, a widow. He then turned the revolver upon himself and fired a bullet into his brain. He is still alive, but surgeons say he can not recover.

Jones was a rejected suitor for Mrs. Goodrich's hand. He is 28 years old and Mrs. Goodrich 54.

So persistent had Jones become that Mrs. Goodrich went before a justice of the peace and made complaint, claiming that Jones had threatened to kill her and set her buildings on fire if she would not marry him. A warrant was issued and given to Constable Gray to serve. Jones asked that Mrs. Goodrich be sent for in order that he might adjust matters and avoid being arrested. When Jones heard the woman's voice he drew a revolver and shot Gray, killing him instantly. He then shot Mrs. Goodrich in the leg, causing her to fall to the floor. Advancing close to her, he put another bullet into her head. He then shot himself in the head.

New York, Dec. 22.—Alton Brooks Parker, former chief justice of the court of appeals and democratic candidate for the presidency in the last campaign, was the guest of honor Wednesday night at a dinner at the Waldorf-Astoria. The dinner was given by the bench and bar of the city of New York, and republicans and democrats alike were present to honor the justice's return to the practice of law. Among the 450 who attended were many of the most prominent members of the legal profession in this city. Former Justice D. Cady Herick was also a guest.

Mr. Carnegie further stipulated that the city of Boston should furnish a site for the proposed institution.

RUSSIAN REFORMS

The Czar is Holding Councils Daily With Ministers and Members of Council.

ZEMSTVOS ADDRESS CONSIDERED.

Prince Sviatopolk-Mirsky, M. Witte and Count Solsky Favor a Policy of Concession.

The Others Oppose the Demands of the Zemstvos as Subversive of the Essential Principles of the Autocracy.

St. Petersburg, Dec. 22.—Emperor Nicholas is holding councils daily at Tsarskoye-Selo, at which, it is understood, the internal situation in Russia is being thoroughly discussed. Among these who are attending the councils are Grand Duke Michael, the brother of the emperor, ministers and members of the council of the empire, including Prince Sviatopolk-Mirsky, minister of the interior; M. Witte, president of the ministerial council; M. Pobodontsoff, procurator general of the Holy Synod; M. Muravieff, minister of justice; M. Kokovtzeff, minister of finance; Count Vorontzoff-Dashkoff, head of the Russian Red Cross; Count Solsky and Mm. Ernloff, Fritsch, Richter and Hesse. Prince Sviatopolk-Mirsky laid before the council the addresses and resolutions adopted by the congress of zemstvos which was held here last month.

Discourage Political Agitation.

Prince Sviatopolk-Mirsky, M. Witte and Count Solsky favored a policy of concession, but the others opposed such a policy on the ground that the demands of the zemstvolists were subversive of the essential principles of the autocracy. In the opinion of the council it is not the time to entertain proposals looking to a change in the existing form of government while war is in progress, and it was decided to discourage political agitation. Measures will be drawn up relative to the distress consequent upon mobilization.

There is no confirmation of the report that Vice Adm. Rojestvensky has been appointed commander-in-chief of the Pacific squadron and that Adm. Skrydloff is to become a member of the board of admiralty.

STEAMER LADY MITCHELL.

It Reached Port Arthur With Supplies, Ammunition, Etc.

London, Dec. 22.—The Daily Telegraph's Chefoo correspondent says that the steamer Lady Mitchell, which sailed from Tsingao with supplies, ammunition and dynamite, reached Port Arthur during a snow storm four nights ago. He also says it is reported that the Japanese were compelled to evacuate their position on Etse mountain, owing to a flanking fire from other forts and the explosion of Russian mines, from which they lost heavily.

The Japanese, the correspondent adds, are employing thousands of coolies making strong forts at Dainy and around Port Arthur. They express a determination to capture Port Arthur before the Chinese new year. An attack is now preparing that will be on a hitherto unequalled scale, and it will mean either success or terrible disaster to the besiegers. The correspondent concludes by saying that it is stated that Gen. Nogi has asked for 60,000 reinforcements from Japan.

A SOLAR OBSERVATORY.

One To Cost \$300,000 To Be Erected On Mount Wilson, California.

Los Angeles, Cal., Dec. 22.—A telegram was received from Washington Wednesday stating that the Carnegie Institute for the promotion of science of that city had made a grant of \$150,000 for use in 1905 for the purpose of establishing a solar observatory on Mount Wilson. Its further equipment and maintenance will be provided for by subsequent grants. It is estimated that the equipment of the observatory will cost not less than \$300,000.

EXCESSIVE FREIGHT RATES.

FOR THE DEFENSE.

Senator A. H. Hargis, One of the Defendants, Took the Stand.

Winchester, Ky., Dec. 22.—After Judge Beaton overruled the motion of defendants for peremptory instructions and had ordered defendants to proceed the defense introduced Senator A. H. Hargis, one of the defendants. He is 45 years old and lives in Clark county, but has extensive farming and mercantile interests in Breathitt. He has been a school commissioner of Breathitt county and served one term as state senator. He is a democratic voter, his party ticket, and contributes to the campaign fund, but has taken no active part in politics for years. He denied specifically that he had conspired with any one to kill Marcum, and had been a friend to Marcum, and when the latter came to Jackson he had given him employment and had done all he could for him until he learned that Marcum had stated that witness had killed Logan Cockrill, who met death when witness was a boy. The witness told D. D. Hurst, the father-in-law of Marcum, that the latter had wronged him and for the sake of his family Marcum should explain or retract this statement. The witness did not say he approved of the killing of Jim Cockrill. Witness had no knowledge that Marcum's life was in danger, and had no conversation on the subject with Mrs. Marcum, Mrs. Patrick and Mrs. Johnson, and did not tell them or either of them that the Hargises would not kill Marcum, but that Ed Callahan would. The witness did not know Tom White until after the killing of Marcum. Curt Jett was a nephew of witness, but the two had not spoken since Jett came to the store of Hargis Bros. in 1902, when Jett fired several shots into the ceiling, and when Joe Hargis escaped to the basement to prevent being killed.

ELMENDORF ESTATE.

J. B. Marcum Added 460 Acres, Making His Holding About 6,000 Acres.

Lexington, Ky., Dec. 22.—Through a deed filed Wednesday, J. B. Marcum added 460 acres of blue grass to his Elmendorf estate. The purchase increases his holdings to about 6,000 acres and makes his farm lay in three counties. Part of the tract bought Wednesday from G. T. Graves being in Bourbon, Scott and Fayette counties.

Jury Failed to Agree.

Lexington, Ky., Dec. 22.—The jury in the case of W. N. Bush, charged with embezzlement, was discharged Wednesday, having failed to reach a verdict. The defendant was an officer of the Industrial Mutual Deposit Co. and the case was a companion to that of Dr. A. P. Taylor, who was convicted but got a reversal.

Noted Turfman Assigns.

Lexington, Ky., Dec. 22.—M. D. Richardson, noted turfman of this county, has made an assignment. M. Young and Geo. H. Whitney are named as assignees. Mr. Richardson has been breeding thoroughbred horses for the market and racing a few youngsters each season for many years.

The Meeting Was Postponed.

Frankfort, Ky., Dec. 22.—The meeting of the democratic state central committee which was to have been held here Wednesday to settle some contests was postponed, and no future date named, because of the absence of several committeemen.

Sues For Training Horse.

Covington, Ky., Dec. 22.—John W. Hall, trainer for Chief of Police Jas. W. Pugh, Wednesday brought suit in the circuit court against J. D. Smith for \$331.50 alleged to be due for training, keeping, feeding and caring for the horse Don Carlos.

Child Burned to Death.

London, Ky., Dec. 22.—The two-year-old daughter of Mr. and Mrs. H. H. Wilder, who lives at Bereing, in this county, was badly burned and died a few hours later. The child was playing too near the cook stove while supper was being prepared.

A Kentucky Man Missing.

Lexington, Ky., Dec. 22.—James P. Wheeler, a well-known man of Simpson county, Ky., has been missing from home since last September. When last heard from he was in Chicago. He had \$2,500 in cash in his pocket when he left.

Struck Natural Gas.

Lexington, Ky., Dec. 22.—The Appalachian Oil Co., of this city, struck gas in Estill county, 25 miles from Lexington, of 695 rock pressure. The flow is sufficiently heavy to furnish all towns in Central Kentucky with natural gas.

Two Leaves in One Stem.

Cloverport, Ky., Dec. 22.—Fladgo Carter, a farmer, Wednesday exhibited two leaves of burley tobacco which had grown on one stem. The curiosity attracted much attention, nothing like it having been known before.

TO CHANGE DATES.

Joint Resolution Introduced to Hold National and State Elections in September.

THE FIFTY-NINTH CONGRESS.

It Shall Assemble and Hold Its First Regular Session on First Monday in October, 1905.

A Bill To Secure the Full Use of the Rural Mail Equipment and To Place the Service On a Paying Basis.

Washington, Dec. 22.—Senate.—The senate met Wednesday and adjourned until January 4, 1905.

House.—An objection by Mr. Mann (Ill.) to unanimous consent to take up the inaugural resolution in the house of representatives Wednesday, sent the whole matter over until after the holidays. Mr. Merrell (Pa.), on behalf of the committee on the District of Columbia, was directed to move the passage of the senate resolution, which among other things provided for holding the inaugural ball in the pension building, as heretofore, but Messrs. Underwood (Ala.) and Mann insisted that a quorum of the house should be present to consider the matter. Immediately after Mr. Mann's objection the house adjourned until January 4, 1905.

Representative Livingston (Ga.) introduced a joint resolution Wednesday providing that hereafter electors for president and vice president and representatives in congress shall be voted for in each state on the first Tuesday after the first Monday in September and that the 59th congress shall assemble and hold its first regular session on the first Monday in October, 1905.

A Parcels Post.

Representative Henry (Ct.) introduced a bill Wednesday "to secure the full use of the United States rural mail equipment and to place the rural service on a paying basis." The bill provides "that within the limits of the respective rural routes, served by post wagons, parcels of mail matter shall be collected and delivered house to house, by the carriers, in weight up to 200 pounds, and in dimensions up to a barrel, no parcel, however, to be more than six feet in length."

The bill specifies that the rates on parcels shall be one cent for eight ounces or less, two cents for a pound; five cents for from 1 to 11 pounds; 10 cents for a half bushel, 20 pounds; 15 cents for a bushel; 20 cents for a half barrel, and 25 cents for a barrel.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
THURSDAY, DECEMBER 22, 1904

WEATHER FORECAST.
Snow or rain and warmer to night; Friday rain.

THE BULLETIN force enjoyed (?) the decided novelty late last afternoon of setting type by moonlight. True, the quality of work was not quite up to standard, but it was on a par with the "expert" gas for which consumers have long been patiently waiting.

One can form some idea of the enormous campaign fund of the National Republican Committee in the late campaign when told that one prominent Republican, a big railroad magnate and a United States Senator, by his own efforts raised \$400,000. This startling bit of information was brought to light in an account printed in the New York Sun of the meeting of prominent Republicans in New York for the selection of a United States Senator. Nearly all present favored the selection of Odell's man, Gov. Black, but Senator Depew had a few friends there, including Cornelius N. Bliss, the Treasurer of the National Republican Committee, and they said all they could in favor of Depew. The Sun says:

They spoke of the efforts he had made in the last election on behalf of President Roosevelt and Mr. Higgins; they referred to the admitted fact that he had raised something like \$400,000 for the campaign fund, and they insisted that, if for nothing else, the fact that Sen. or Platt wished him to continue as his colleague in Washington ought to be sufficient for every good Republican leader in the State to work for the return of Senator Depew to Washington.

"THE SWEET YOUNG THINGS."

County Clerk Clarence Wood Has a Tender Chord Touched and is Threatened With Heart Failure.

Judge Newell officiated at a marriage that was a little out of the ordinary at the County Clerk's office Wednesday.

The great difference in the age of the contracting parties, the air of mystery that surrounded their movements and their anxiety to pull the affair off promptly left the impression that a purloining party was expected on the scene at any moment.

The groom, Mr. C. H. Sandford, a refined-looking gentleman, who refused to give his age, but who had the appearance of being up in the sixties, hailed from Cincinnati.

His bride, who seemed as timid as a young fawn, and who had evidently been coached as to her answers, said she was twenty, but she looked sweet sixteen. She was also from the Queen City.

On account of the extraordinary event and prospect of a generous fee, the Judge put on a few extra touches in pronouncing the ceremony, and as he bowed the happy couple out Clerk Clarence Wood heaved a deep sigh, and murmured with much feeling, "Boys, I wish the sweet young things would come oftener."

A delegation of Bourbon County Democrats called on Gov. Beckham and protested against the appointment of Emmett Dickson, of Paris, to fill out the unexpired term of Judge Cantrill. Owing to the factional fight in Bourbon it is thought the appointment may go to Judge Robert L. Stout, of Woodford County.

The beauty of the performance as directed by Gordon & Bennett with their attractions is not forgotten; thus the unusual praise given to "The Holy City" is accepted without question. That the new production presents a great drama powerfully acted and superbly mounted is acclaimed from every direction that has been visited and the performance here may be anticipated with pleasure. At the Washington Monday, December 28th.

A Government inspector is in the State to investigate the case of the alleged green goods swindlers who are held at Huntington. He will visit the addresses of persons given in the letters that have been found since the arrests. McElroy came last from Vanceburg, he asserts. He stated that the woman arrested with him is not his wife and that he ran across her about six months ago. A Manchester dispatch says his home is in Trinity, Ky., and also that he was indicted some years ago by a Lewis County Circuit Court for horse stealing, but was acquitted.

River Items.

No prospect of a rise in the Ohio river was reported from headquarters Wednesday.

The ice closed in on the ferryboat Laurence last night. She is moored at the wharfoat where she will probably remain until the break-up.

Much new-made ice has formed along the river the past few nights. The gorges still remain firm. A break-up is not looked for until after several days of thawing weather.

The steamer Avalon is reported in a precarious condition in an ice gorge near Vevay, Ind. She was working her way to a harbor in the Kentucky river when caught by the ice.

LET IT BE HANDKERCHIEFS!

Never has a man or woman yet complained of having too many handkerchiefs. So you're safe in giving them—and buying here.

For Men.

We haven't a 25c Handkerchief for men left though we provided more generously than last season. The values were too good to keep and busy selling last week wiped out the stock. But we telegraphed for more last Friday and to-morrow we'll be again prepared to show you the "best ever" in men's quarter handkerchiefs.

Equal all-linen values at the price for 10c, 15c, 10c. Men's linen handkerchiefs for 10c should be noted.

For Children.

All-linen handkerchiefs 5c, finer ones 10c. White hemstitched lawn handkerchiefs 2 for 5c.

For Women.

A line that embraces everything from a plain linen handkerchief at 5c to a Duchess lace at \$5. Particular care was given the selection of gift handkerchiefs at 25c. Among them is the sheer hemstitched undecorated handkerchief for simple tastes, the dainty initial put up six in a box, or sold singly, the narrow or broad embroidered border, the scalloped, lace, or hemstitched edge.

Among cheaper handkerchiefs the 10c and 15c lines are excellent values and in the higher grades there is such a wealth of beauty, description would be too tame—it must be seen.

HORSEWHIPPED JOHNNIE,

Who Retaliated by Giving theirate Widow
a Sample Dose of Her Own
Cowhide.

Mr. John Stitt, the C. and O. fireman who bought the Boulden house in the Fifth ward and lived here until last spring, when he moved to Covington, had an exciting experience with a woman, who he claims he does not know, Tuesday night when on his way home. Just as he passed the mouth of an alley, a woman stepped unexpectedly up to him and began beating him unmercifully with a whip. Stitt grappled with her and succeeded in wresting the instrument of punishment from her hands after which he applied a dose of the same medicine to his assailant until she fled. Later he informed the police what had happened. Next morning Mrs. Hattie Merry, a widow, called at headquarters and told the Judge she was the woman who wielded the lash. She charges Stitt with breach of the peace.

Warning Against Christmas Trees.

"Danger to life and property lurks in the resplendent Christmas tree," says an official of the Kentucky and Tennessee Board of Underwriters. "Many serious fires have been caused by the little wax candles that give the tree such a festive appearance. This year the danger is far greater than is ordinarily the case on account of the extreme dryness of most of the trees used for Christmas purposes. Many of them are more brown than green, having barely lived through the months of drought which parched vegetation. There are few things more inflammable than dry spruce or cedar boughs. The trees, too, are usually hung with tinsel and other inflammable material, which makes it a menace to the home." Notice has been given that those who wish to make such displays must pay an additional insurance rate.

Messrs. C. B. Sullivan and W. S. Osborne, the two general managers of the Tobacco Growers' Association, together with Mr. T. L. Holton and other members of the Board of Control, were in Maysville yesterday selecting "types." This work will be pushed in all the other counties, and it is thought everything will be running smoothly directly after Christmas.

Mrs. Joe E. Caldwell, through her agent, John Duley, sold her farm of eighty-two acres on the Sardis pike, about two miles from Mayslick, to Mr. A. J. Stiles for \$8,100. Possession March 1, 1905.

The Selection of a Gift

Is the problem many are now called on to solve. There is a growing tendency towards the giving of USEFUL gifts, a custom that will probably prevail to a greater degree this year than ever before. These goods are now being unpacked and placed on our shelves and in our show windows. The list comprises such suitable gifts as these:

SKATES,

Gem Food Choppers,
Triple-Plated Knives, Forks and Spoons,
Scissors in Cases,
Carving Knives in Sets,
Children's Sets, Pearl-Handle,
Fine Pearl and Stag-Handle Pocket Knives,

EXPERIENCE

Has taught me that in order to sell goods I have got to have them, and that in order to satisfy my trade I must sell them good goods at right prices, and in order to sell right I am compelled to buy right, and in order to buy right I must buy in large quantities from the producer. I have met every requirement and am now prepared to offer my customers extraordinary inducements. It is the SPECIAL HOLIDAY TRADE I want to talk of now. My purchase of

Ten Thousand Pounds of CANDIES

is now in. Special care was taken in selecting these goods. The assortment is fine, the quality is good, the prices low. FROM 6 CENTS UP. Five hundred gross of

FIREWORKS!

I don't intend to hold any over and as they were bought extremely low will be sold at prices to satisfy the purchaser. In addition I want to call attention to my extra heavy and well assorted stock of Oranges, Lemons, Bananas, Apples, Malaga Grapes, Raisins, Figs, Prunes, Citron, Lemon and Orange Peel, Dates, Buckwheat Flour, Maple Sugar and Syrup, Celery and Cranberries, Oyster Cocktail Sauce, Catsup, Atmore's Mince Meat and Plum Pudding, best imported Mushroom, Sardines, Olive Oil and Olives, Preserv's, Jellies, Soups, finest Harkness County, New York, Cream Cheese, Edam, Pineapple, Swiss and Limburg Cheese, Macaroni, Spaghetti, Pickles, sweet and sour; in fact everything good to eat and of the very best. In fine Teas, Coffees, green or roasted, I have no competitor in either prices or quality of goods. Just received another shipment of these EXTRA FANCY NEW CROP MOLASSES direct from the plantation, also 500 barrels of the famous PERFECTION FLOUR.
